## Spring 2017

### Newsletter

592-2768 or 770-7277

#### MISSION

SCENE recognizes that older adults are vital resources. SCENE exists to help people age with dignity, health and independence within their own communities.

#### VISION

Every citizen in the greater Springville area and surrounding areas has the opportunity to engage in healthy aging and to sustain independence within the community of their choice.

#### VALUES

- We believe in always being accessible to seniors served by SCENE
- We believe older adults must be informed about healthy aging information and options
- We believe in creating communities that are positive about growing older / healthy aging
- We believe all older adults should be treated with respect
- We believe our viability is tied to seeking emerging opportunities for programming, funding, advocacy and alliances to serve older adults
- We believe in advocating for older adults and their families
- We believe in being a team of paid staff and volunteers who support each other's efforts on behalf of older adults
- We believe in trying new approaches and pilot programs
- We believe in filling gaps in services and programs
- We believe it is imperative to share the SCENE's business model with others committed to serving older adults

## Success is Sweet!

So the saying goes. But SCENE is finding it bittersweet too.

When SCENE officially formed back in 2008/09 as a program of Healthy Community Alliance, it was to help older adults age in place safely and with the supports they need locally, to identify and address needs in our community. We operated following the model of a "senior center without walls" to offer residents resources about available programs and services, along with opportunities to socialize and learn. SCENE grew from offering seven programs in 2009, to 39 activities in 2011, to 370 activities in 2015 with 2,710 participants. Last year, 426 SCENE events attracted 3,518 participants! This is

exactly the success we hoped for. The concept worked as volunteers stepped forward to provide hundreds of hours of service, and the program grew.

SCENE is proud of our success in bringing great programs and activities such as euchre, card-making, painting, fitness classes, discussion club, and book club to Springville and the new senior center. In the Center's initial fifteen

month between Sept 2015 and January 2017 when we turned over most programs to the Town of Concord, more than 10,000 guests through the Center doors... individuals who participate in the Stay Fit Dining Program, members of the Springville Concord Seniors Club. We also enjoyed meeting members of the East Concord Home Bureau and the Woman's Club of Springville who meet there regularly.

However, SCENE's source of grant funding, the Community Health Foundation, observed and

concluded the SCENE model is sustainable and now a successful and tangible reality - a senior center with

walls and roof and windows to house such programs! That **Success** in keeping seniors engaged and active in our community meant elimination of grant funding that covered administrative hours and the paid position of Program Manager, so SCENE transitioned our senior programming to the Town of Concord.

Now, after months of careful discussion, deliberation, and

consideration, Healthy Community Alliance and the SCENe Advisory Council decided to move the SCENe office out of the Senior Center and back to our community roots to occur this summer. By sharing office space with community-based organizations, SCENe can continue to develop community partnerships and collaborations that have been the mainstay of SCENe operations. SCENe and HCA will refocus attention to advocacy and community engagement work to enrich the lives of seniors. We will re-evaluate how we can support emerging issues for older adults such as isolation and depression, civic and volunteer engagement, caregiver respite and active aging. We continue to support the Garden Club's Annual Garden Walk being planned for 7/8/17 and through our partnership with Erie County RSVP, the very popular lectures of University Express as featured in this newsletter. It will now be up to the Town of Concord to offer programs and services that make a difference in our resident's lives as they age at the Concord Senior Center.

HCA of course remains active in our community with offices in Gowanda and continues to be a regional solution, and we enjoy partnering with community organizations to present solutions. We will share our available

resources with community partners, and leave to the Senior Center programming items such as the Senior Resource Center, scrap craft supplies, and the card table we purchased for Euchre. We will leave the large screen smart TV and soundbar system awarded to SCENe in 2016 through a general grant from the Springville Griffler Community Education Foundation with hopes the Town will use it as intended to provide educational, distance learning, telemedicine, videoconferencing for our rural seniors.

SCENe leaves the senior center building, but not our community—the phone number 770-7277 and email of [sceldernetwork@gmail.com](mailto:sceldernetwork@gmail.com) will allow continuity of contact for all our residents—Always please continue to let us know if we can help!

**More than 1/5 of Erie  
County is over the age of  
60 - 197,365 seniors!  
1,965 of them live in the  
Town of Concord,  
according to  
Census 2010.**

## SCENE Garden Walk 2017 Seeking Gardens:

The SCENE Garden Club is excited to announce they are planning a **Garden Walk for Saturday, July 8, 2017**, and seeking Springville and Concord gardeners to participate. If you think your garden looks terrific and want to share it with the public, the Garden Club welcomes entries! Last year, more than a hundred visitors visited two dozen participating gardens. Everybody had fun, and ANY kind of garden is welcome - large, small, a "cottage" garden, a themed patio garden, or even great landscaping. There is no cost to participate... you only need to be home Saturday, 7/8/17 between 10 and 4 to welcome guests rain or shine. Ideally, gardens should be easily accessible or approachable.

If you are interested in being part of this year's Garden Walk, please call Cindy at 864-2015 or Shirley at 942-3212. Entry forms are also available at the SCENE Office or by calling 770-7277.

Don't have a garden to offer? Sponsorships in the booklet start at only \$10!

Photos taken at last year's Garden Walk are on SCENE's webpage at [www.communityalliance.org](http://www.communityalliance.org)

## Voice Your Concerns—It Makes a Difference!

SCENE and HCA believe our residents deserve to have their concerns heard by those in a position to make a difference. We are delighted that our loyal volunteer and SCENE Council member Mary Jane Miess has been appointed to the Erie County Department of Senior Services' Advisory Board. As mandated by the Older Americans Act that Board is tasked with providing information, guidance, advice, and support to assist in developing, coordinating, and administering services to older persons. Mary Jane will essentially act as "eyes and ears" of seniors in our rural community, which as we know is very different and often very far removed from the central administration in downtown Buffalo, or the New York State Office for Aging in Albany. Please feel free to bring your concerns to Mary Jane's attention if an appropriate matter for Erie County Senior Services or other entity.

#### **MON. April 3 at 12:45 PM Parkinson's 101**

Parkinson's disease strikes WNY particularly hard. We will discuss what Parkinson's disease is, the signs and symptoms, who it strikes, and the causes and current treatments. We'll also look at the promising research efforts that are underway. Instr: Christopher C. Jamele, Exec. Dir., National Parkinson Foundation of WNY

#### **TUES. April 4 at 10 AM Enrich Your Life with Poetry**

Mr. Mfess will recite from memory a variety of poems ranging from the amusing ("The Cremation of Sam McGee") to those with a deeper meaning through imagery, metaphor, and other poetic techniques. Discuss the work of some of the greatest poets as well as the bizarre lives of Emily Dickinson and Elizabeth Barrett Browning. He will demonstrate, with examples, how poetry adds to our understanding of our lives and the world - an understanding that would be impossible to convey with ordinary language. Class is designed to be both instructive and entertaining. Instructor: Charles Mfess, retired engineer, writer, and poetry buff

#### **THURS. April 6 at 12:45 PM Healthy Living for Brain & Body**

The Healthy Habits for a Healthier You program of the Alzheimer's Association provides current research and practical information on ways to age well, organized to provide information about: cognitive activity, physical health and exercise, diet and nutrition, and social engagement. #### **THURS. April 13 at 12:45 PM Talking Animals & Medicine**

**People: Supernaturalism of the Upstate Iroquois**

One of the world's most impressive storytelling traditions is that of the six NY Iroquois nations. The Longhouse folk who call themselves *Haudenosaunee* populated the hills, woods and creeks of upstate NY with a virtual zoo of supernatural beings, and their imaginations thrilled to stories of human ghosts and witches. It must be pointed out that these

ancient traditions have parallels in 20th and 21st century paranormal report on their former territory. Join us for a sixty minute profile through lecture and storytelling of this overlooked tradition. Instructor: Mason Winfield, author of eleven books on the supernatural and paranormal in upstate NY

#### **TUES. April 18 at 10 AM FDR and Polio: The Gift of Adversity**

In 1921, Franklin Roosevelt contracted the dreaded disease poliomyelitis. At the time, he was 39-years-old, a husband, father of five, and rising political superstar. The story of his recovery and painful acceptance of his disability - when he discovered a depth of compassion he never knew he had - is inspirational. He was elected President of the United States four times and became the only head of government in history to be unable to walk. Instructor: Judith Greer, retired educator and librarian, Erie Community College

#### **MON. April 24 at 1 PM Introduction to Reiki - TWO HOUR**

Reiki (pronounced Ray Key) is a healing technique that aids the body in releasing stress by creating deep relaxation. You will learn the benefits of Reiki; and how it heals the mind, body, and spirit to promote balance. Self-healing techniques will be taught using meditation and visualization. Wear comfortable clothing, and for those who can lay down, bring a pillow and sleeping bag or blanket to experience this wonderful gift. This is a 2 hour long course. Instructor: Angela Steward, local Reiki practitioner

#### **THURS. April 27 at 12:45 PM The Attica Prison Uprising**

The Attica prison uprising was the deadliest revolt in US penal history. Why did it happen? What happened? And has it taught us anything about incarceration in the 45 years since? Those are some of the questions that will be answered by a reporter who was there the day the prison was retaken and 38 men lost their lives. Instructor: Lee Coppola, Retired Dean/ Journalism, Mediator, Arbitrator

### **TUES. June 6 at 10 AM Human Rights and Human Wrongs**

In our lifetimes, national and international awareness of human rights has risen markedly. The unparalleled abuses during WWII led to a series of UN-sponsored human rights treaties, dealing with topics such as genocide, economic and social rights, the rights of women and children, and racial discrimination. Despite these agreements, major abuses continue. What can individuals, governments, non-governmental organizations and international groups do to diminish human wrongs? Instructor: Claude Welch, SUNY Distinguished Service Professor; Professor of Political Science, SUNY at Buffalo

### **TUES. June 13 at 10 AM Age Friendly Communities – Efforts in Erie County**

This presentation will introduce the concept of “age-friendly” communities, grounded in national and international efforts to promote well-designed, livable places that promote health, economic well-being, and quality of life for residents of all ages. It will provide updates about Age Friendly Erie County, a collaborative initiative of local organizations in WNY committed to creating a vibrant, inclusive community for residents to grow up and grow old. Instr: Molly Ranahan, PhD Candidate in the Dept of Urban & Regional Planning at the University at Buffalo; Research Analyst, E.C. Dept. of Senior Svcs.

### **THURS. June 15 at 12:45 PM Native American Culture**

A short overview of major cultural concepts from the Haudenosaunee people (Six Nations), with discussions of the Thanksgiving Address, the importance of and relationships to the natural world, and teachings of the "Good Mind." Discuss why there are misunderstandings and/or misrepresentations of Native culture, as well as some challenges faced by many Native people and how organizations such as Native American Community Services are trying to strengthen and nurture the health and well-being of the community. Instr: Pete Hill, "All Our Relations" Proj. Dir., Native American Community Services of Erie & Niagara Co.

## Want to Volunteer?

SCENE depends on volunteers to keep our organization and community great. We currently have need for: Respite Buddies; Respite Lunch Providers; Flier Distributors; Data Entry, and of course a new Coordinator.

Through our partnership with RSVP of Erie County, you can find out about hundreds of other opportunities, too. Call us if you can help. . .

## SCENE Seeks New Coordinator

As Healthy Community Alliance and SCENE continue to evaluate the needs of our community and the evolving role SCENE may play, we are seeking a volunteer willing to head that role. As SCENE started as an all-volunteer organization, there is a possibility this could be a stipended volunteer position. Mostly what we seek is someone with the interpersonal skills and listening ability to liaise with the SCENE Advisory Council, closely coordinate with parent agency Healthy Community Alliance, and spearhead and oversee all of HCA/ SCENE's volunteer activities throughout our community. This involves assessing current and upcoming needs of older adults, developing appropriate programs and/or coordinating with community partners, and implementing directives and services in a visible way in the community. This is a very special position of leadership. If you are interested with the skills and abilities to serve in such a visible capacity, please call Ann Battaglia at Healthy Community Alliance - 532-1010 - as soon as possible so there ideally would be a training and transition time, enabling you to feel comfortable and confident in this role. Thank you

# Memory Impairment Respite Program

## First Wednesday of Each Month

Springville First United Methodist Church  
474 East Main St, Springville NY

Please call for information, or an application for a participant or to become a volunteer—592-7451

*This caregiver respite program is a free social program for people coping with memory loss. Individuals are paired one-on-one with a trained volunteer and engage in friendly conversation, crafts and games, fun activities and enjoy a nutritious lunch.*

*It is our mission to provide adults a safe, supportive and friendly environment that offers social engagement along with respite for their caregivers.*

**Can you help?** We are currently in need of community groups or businesses to sponsor/serve a simple lunch for Respite once a year. Choose a month that works best for your members. Food for 12-20 people. It's easy and fun!!

*“SCENE has opened up a world to me. I came to a presentation about writing that inspired me to write a book and now working on a second one. There are so many social benefits too – meeting new friends and even seeing old friends from high school that I haven’t seen for decades.”*

*“It’s knowing that you can do things with others here – even some that I could do on my own at home – which is perhaps selfish, but I love it. We need this place.”*

*“SCENE thinks out of the box and offers an uncommon diversity of programs particularly for a rural area . . . and the community is certainly responding to this.”*

*“Connections are everything; socialization is what keeps us going. There’s enough research to show social interactions lead to more positive health outcomes and longer-life.”*

**AGE OUT LOUD!!**

To kick off SCENE's revitalization, SCENE and Healthy Community Alliance will host an event on **Wednesday, May 31** at the Springville Fire Hall in celebration of Older Americans Month. The event theme is **AGE OUT LOUD!** and is intended to showcase what today's older adults have to say about aging. More than ever before, older Americans are working longer, trying new things, and engaging in their communities. They're taking charge, striving for wellness, focusing on independence, and advocating for themselves and others.

Older adults expect to continue to live their lives to the fullest. SCENE recognizes that older adults are vital resources and works to engage those individuals to make the changes necessary to help people age with dignity, health and independence within their own communities. This community celebration, **AGE OUT LOUD!** is a perfect opportunity to recognize and celebrate what getting older looks like today.

For more information on **AGE OUT LOUD!**, call Healthy Community Alliance at 716-532-1010. We're planning entertainment, demonstrations, door prize drawings, and a lot of fun. **Hope to see you there!**

## Why SCENE Does What We Do ....

In 2015 and 2016, through funding from the Health Foundation for Western & Central New York, a consultant from Apter & O'Connor of Syracuse conducted an on-site review of SCENE's activities and efforts. 30 people provided input through focus groups and interviews, and here are some of the things they shared, representative of the level of gratitude and the benefits SCENE has provided:

*"I volunteer because it's time to pay back. There is pride in helping to support the community."*

*"I can see how valuable this place is. I'm about to retire and I will then be able to give more time to run more classes."*

*"We benefit as volunteers and as participants. The main benefit is learning. There is so much I wouldn't have been exposed to without SCENE – from pottery to pain management."*

*"I have been a caregiver for 3 people so I really needed a support group. We laughed and cried together, and I made some nice friends."*

*"SCENE, and having this new Center, allows us to stay active and connected."*

*"SCENE has helped me realize I'm not alone; we really need the support and understanding of others that have been there."*

*"It gives people a place to go; to share hard stories as well as the good."*

*"I've met so many nice friends. I never had that before. SCENE helped me come out of my shell. Being able to talk to people who have been through similar circumstances is so important, especially when you have few family around."*

*"The education component, through the speakers' series has been very beneficial. People want to keep learning and the programs reflect the needs. I appreciate the day-trips that are educationally oriented - to concerts and museums, destinations where people went when they were younger and can't now so easily get to."*

*"It's fascinating to see the transformation in people, becoming vital again."*

*"SCENE really goes above and beyond to meet the wide range of needs and interests in our community: from a speaker series that includes an expert on the Civil War to social activities, the garden club and so much more. They are good at finding existing resources in our area and bringing them here."*

**Senior Photo Contest** If you didn't get to view the photos contest and display in the Concord Senior Center hallway October through February, visit our website [www.communityalliance.org](http://www.communityalliance.org) to view them, although the computer doesn't do them justice. The contest was judged by local professional photographer Angela Steward. Angela's works have been published in the Perry Herald, Springville Journal, Springville Pennysaver, and the American Legion Post even used her photo of the Eternal Flame at Chestnut Ridge as their holiday card. But even this professional faces challenges familiar to all photographers – she's currently seeking a quality process provider to team with for printing, framing and matting services. Angela herself uses a SLR camera with a wide tele-photo lens and enjoys a micro lens for very, very up-close fine detail shots.

Angela spent literally hours looking at all the entries and although it was a difficult choice, chose the winner to be a photo of a boat-house at Blue Rocks Nova Scotia, taken by Nancy Denecke. Judge's comments indicate it "presents a creative impact, showcasing defined color, clarity and composition." That photo was also the third popular vote, with first popular being a photo of a colorful maple leaf edged with hoarfrost, and second popular being Jane Kester's photo of her great granddaughter enjoying an ear of corn at a reunion. Sincere thanks to all entrants for sharing your eye for beauty.
